

ORGANIC · FREEZE-DRIED

Organic Freeze-Dried Açaí Powder

Pure açaí pulp (*in natura*), depulped and freeze-dried under high vacuum and low temperature, then milled to a fine powder. No preservatives, no chemical additives.

NCM CODE

1106.30.00

CLASSIFICATION

Organic freeze-dried powder

SHELF LIFE

24 months

100% Organic

Gluten Free

Allergen Free

No Additives

2 DESCRIPTION

Obtained through depulping and freeze-drying — high-vacuum, low-temperature drying — of fresh açaí. The entire production, processing, and logistics chain holds organic certification. After freeze-drying, the product is milled to achieve its characteristic powder form. No preservatives or chemical additives are added.

3 APPLICATION

Preparation of beverages and foods in baking, confectionery, and general cooking. Can be reconstituted for direct consumption.

5 PRESENTATION

Powdered product with a characteristic purple-violet coloration.

8 TRANSPORT

Transport in a clean, dry, closed box-type vehicle, with no contact with toxic products.

4 COMPOSITION

Açaí pulp dehydrated by the freeze-drying process and ground.

6 PACKAGING

Packaged in laminated metallized bags of 10 kg each, packed in corrugated cardboard boxes.

9 STORAGE & PRESERVATION

Keep in a cool, clean, dry environment, away from chemicals and cleaning products. Avoid direct sunlight and heat sources.

10 PHYSICOCHEMICAL CHARACTERISTICS

PARAMETER	SPECIFICATION
Moisture	Less than 3%
Color	Purple-violet
Odor	Characteristic
Flavor	Characteristic

11 NUTRITIONAL INFORMATION

Per 20 g serving

Energy	123 kcal	Iron	0.91 mg
Carbohydrates	1.8 g	Potassium	218 mg
Proteins	2.4 g	Phosphorus	33.5 mg
Total fats	12.0 g	Vitamin C	14.8 mg
Dietary fiber	6.4 g	Sodium	13 mg
Calcium			65.5 mg

12 QUALITY ASSURANCE

Pesticides analyzed annually in an external laboratory. Contaminant residues remain below detection levels.

MICROBIOLOGICAL

Salmonella / 25g	Absent
E. coli / g	≤10
Molds & yeasts / g	≤10³

INORGANIC CONTAMINANTS

Arsenic	≤ 0.1 mg/kg
Lead	≤ 0.1 mg/kg
Copper	≤ 0.1 mg/kg

FOREIGN MATERIAL (MACRO & MICROSCOPIC)

Acid-insoluble ash	≤ 1.5%
Dead mites	≤ 5 units / 100g

Gluten Free • Allergen Free • Certified Organic
